EDUCATION

Shri Vishnu Engineering College For Women

2022 – 2026

B.Tech in Artificial Intelligence and Data Science - CGPA - 8.58

Bhimavaram, Andhra Pradesh

Shri Shridi Sai Junior Collage

2022

Board of Intermediate Education - Percentage - 7.8

Rajahmundry, Andhra Pradesh

Dafne Asiatic School

2020

School of Secondary Education - Percentage - 7.6

Rajahmundry, Andhra Pradesh

EXPERIENCE

COMIT FS - Communication Solutions for Financial Markets

Hyderabad, India

Machine Learning / Data Science / Development

May 2025 – July 2025

- Developed scalable REST APIs with Flask and optimized MongoDB operations, resulting in faster data retrieval and improved backend performance.
- Implemented FFmpeg for automated media processing and integrated Elasticsearch, enabling high-speed search across large datasets and enhancing system scalability.
- Conducted 50+ API test cases using Postman and created detailed documentation, improving developer onboarding speed by 20%.
- Researched and applied AI model training and RAG methodologies, laying the groundwork for a fraud-detection chatbot used in analyzing large-scale call data.

PROJECTS

Nutri Sync

2023

- Built a Tkinter-based GUI fitness app with BMI calculator, exercise recommendations, and secure login, attracting 50+ active users during beta testing.
- Enhanced user experience with an intuitive design, achieving a 95% task completion success rate during usability testing.
- **Technologies used:** Python, Tkinter, Pillow, SQLite3

Cyber Bullying Prediction

2024

- Developed a tweet classification system using ML and NLP, achieving 88% accuracy across multiple cyberbullying categories.
- Automated text preprocessing and feature extraction pipeline, reducing model training time by 30%.
- **Technologies used:** Python, Scikit-learn, Pandas, Numpy, NLTK, Matplotlib, Seaborn

TECHNICAL SKILLS

Programming Languages: Python, C, SQL

Technologies / Frameworks: HTML5, CSS3, Bootstrap, JavaScript, Flask, FFmpeg

CS Fundamentals: Data Structures & Algorithms (DSA), DBMS, OOP Concepts, Operating Systems, Computer Networks

Databases: Oracle SQL, MongoDB

Data Visualization: Matplotlib, Seaborn, Power BI

Developer Tools: VS Code, PyCharm, Canva, Tableau, Postman, Elasticsearch

Version Control: Git / GitHub

ACHIEVEMENTS

- Solved 500+ problems across coding platforms (LeetCode, HackerRank), consistently ranking in the top 15% globally.
- Reached Phase 3 of Smart Interviews training, gaining advanced problem-solving and DSA skills aligned with top MNC interview standards.
- Coordinated 3+ technical workshops under The IET Club, engaging 100+ students in hands-on learning.
- Organized and led 5+ cultural events with 200+ participants, demonstrating strong leadership and event management skills.
